## EDITORIAL

Well what a month, its been. Two matches into the season and so far only one loss in all grades. A Grade has had two comfortable wins. Good to see Motor take the bat between his teeth and score the first ton of the season to be quickly followed by Sid Young. Can A Grade now go on and make it three wins before Christmas. Murray, is it true that the team is going to buy Rudi an alarm clock for Christmas. B Grade are going along that well that the skipper did not need to bowl himself in the last game. Wonders will never cease. C Grade under the gentle guidance of Bob Cary also have gotten off to a great start. D Grade have now won their first game and look on the way to bigger and better things and the B1's should continue to perform well once Langdon gets the nucleus of a team together and his player problems are sorted out.

While speaking about player problems it is important to note that there are many hard decisions being made within the selection committee about teams. With so many players being unavailable for various reasons it is very hard to keep stable teams together. So if you are one of those players who is moving up & down the grades for no apparent reason then just be patient and your time will come. To get & stay in the higher grades is fairly simple, Take wickets, Score Runs, Field Keenly, and Attendance at Practice are the main criteria that the selectors look at.

The club also has a number of social functions coming up. The next big bash is the Melbourne Cup Night on Saturday the 29th October. If last year is anything to go by this will be one of the social events of the year. Various gambling will take place and it culminates in the auction of the Melbourne Cup field later in the night. It really is a night not to be missed ie attendance is compulsory.

Also for those people who are new to the club we are having a Tour to England in the Off Season for a month to defend the "Alternate Ashes" which we won last year. The cost is approximately \$3000 and this will be a trip of a lifetime. If you want any further details see myself or Mark Gately.

Also if anything happens at the games that may look good in print please contact me and I'll see what I can do.

Good luck and see you all at the Gambling Night.

Club Captain

A good win (is there such a thing as a bad one). We started badly at 2/3 but with very sensible batting by Mark Hyslop and Pete Browning with a breezy 31 by Tucks we managed 247.

Trying to dismiss Strathfield turned out to be quite difficult. We fielded like a team that had not done a stitch of practice (funny that) and at tea we looked in danger of losing to last years wooden spooners. But Hey, we lifted our effort to achieve a comfortable win.

WE WON AGAIN!

A top team effort. Sid & Jason's opening stand of 102 was a treat. After that we bubbled & stumbled to 214. The fielding effort was great. 11 men with one purpose "To Win". And we did. Rudi was great with 17 overs straight. The Body in his comeback was at his steady best (18 overs straight into a gale).

Special mention of Rich Nelson, a fine allround effort on debut and Chappo, another top display of keeping.

#### Captains Report

A good total but the batting should have been better against the weakest side in the comp. Bones grafted well to reach his half-century while Wally & Richard Nelson gave us a total that was safe with a partnership of 68.

We bowled extremely well to dismiss them for 73. The picks of the bowlers were Dave Millar, who took the first three wickets and Richard Nelson, who was much too good for the opposition.

Fine Fielding under pressure by the whole side.

### Captains Report

Dave Gordon, Col Mirgis & Roger Curry were the only batsman who performed in a very disappointing batting performance. Dave Millar batted very well at the end to give us a chance - 10 could be his spot.

Sensational bowling from all the bowlers and a fine fielding performance from everyone with only the occasional lapse. We absorbed the pressure of defending a small total brilliantly.

Captains Report

An ordinary performance against an ordinary team. Great Batting by Ian Bassett on the first week enabled us to drop 8 or 9 catches and still come up with a win. Good bowling by Jason, Tim & Simon kept the pressure on.

To get the six points was good but practice will either make it 10 points or an earlier finish.

Captains Report

A great start by Richard Stewart and Ian Bassett (0-60) made the foundation for a great debacle by the middle order. Good staying power from Richard and good hitting by Julian Humphrey, Steve Dining & Simon Massey enabled us to get 7/195 off 58 overs.

We folded like an under "8"s side for the second week in a row (led by the skipper). However, through great spirit and determination we still hung on. This was possible through a great non stop bowling effort from Tim Favelly and great support from the very unlucky Justin Dale and the ever surprising Simon Massey.
