

EDITORIAL

Welcome to Warringah Cricket Club's 12th season. The last few years have been very good to us and I have every confidence that this year will be another good one.

We have retained the majority of our players and have picked up a number of very good young players who I'm sure will play an important role in our chase for premierships and add a few chapters to our history of outstanding juniors.

The young men who have joined us can rest assured that we are confident that they can handle the added pressure of playing senior cricket on turf wickets. And if you play to your potential then you will move up through the grades - only last year we had a 15-year-old playing A grade.

You will find that this is a very social club. If you are prepared to make the effort then you will not only enjoy good quality cricket but a mateship and social calendar that other clubs struggle to match.

There is a lot more to senior cricket than attending training and taking the field on a Saturday. If you do not get to know your teammates and future teammates then the club is going to struggle to continue to do as well as it has the past few years, so it is vital that you come back to the club after matches for a few drinks and a sausage sandwich and that you attend our social functions.

Last season we took out premierships in C grade and the under-24s, were runners-up in B grade and D grade (meaning we were represented in three of the four end-of-season finals) and placed second in the club championship. I mention the club championship last but it should be our top priority this season because to win it will prove that we have all played AS A CLUB. If that is true then the premierships will follow naturally. If you think of yourself as a member of the club, get involved, know what's going on and who plays where, and can fit in to any team you may be selected in, from B1s to A grade, then Warringah will have a sensational year.

As you know, there are a large number of players missing for the first round. Those who are playing therefore have a natural advantage over the absentees. If you perform well then it will be very hard for the dropouts to force their way back in ahead of you. No promises are being made but availability for the first round will weigh very heavily in selections for the second game.

Our club president mentioned last week a program whereby senior players would look after the welfare of the young men have have joined the club. This would involve everything from technique, to problems with other players to difficulty in getting a decent sausage sandwich at the barbeque. We would like volunteers to step forward. It will not be an onerous duty by any means and in fact will probably yield great benefits both ways (these guys' sisters may be absolute glammers).

Please don't forget that we will be holding our gambling night after selections next Saturday night. Bring money but most of all bring yourself, your mates, your parents (and your sisters). It should be a great night so don't you miss it.

GOOD LUCK BOYS.
